To whom it may concern

I confirm that Bridgemere Group has collaborated with Advanced Development over the last two years and during that time, we have found the company to be an extremely professional and competent real estate developer.

In all our dealings with them, Advanced Development has proved to be a reliable and trustworthy partner, with a strong and long term business strategy in real estate. What we found most important is that in a very unstable market, they have always tried to support their actions with real economic and technical arguments.

This is why we believe that Advanced Development can be a strong working partner, especially in these uncertain times of the world economy, and I have no hesitation therefore in recommending the company to you.

Yours faithfully

R N Pike
Group Finance Director
